Denver Water Security
Consultant/Subcontractor Restricted Projects Prequalification
Request for Qualifications (RFQ)

Denver Water (DW) initiated a security prequalification process for Consultants/Subcontractors to access DW’s Restricted documents and project sites when completing a DW project. All Consultants/Subcontractors that will have access to Restricted documents or will be accessing DW’s Restricted project sites must submit to be prequalified. If approved, the Consultant/Subcontractor will then be placed on the Security Prequalified Contractor/Subcontractor List (SPCL) and will subsequently have access to Restricted documents and project sites. The term “Restricted” includes projects identified by DW as Restricted or Highly Restricted. This Request for Qualifications (RFQ) outlines the requirements to be placed on the SPCL.

If you are a prime Consultant or have any Subcontractors or Subconsultants working for you on a DW project, you are responsible for ensuring their staff complies with the same requirements listed below. You may choose to have them submit their own SOQ under their entities name and if approved DW will place them on the SPCL.

SECTION 1: INTRODUCTION

1.1 INTRODUCTION

This prequalification process consists of the following:

- DW categorizes projects based on where the work is being performed as Restricted or public. Restricted sites include projects at our water treatment facilities, dams, hydropower facilities, specific pump stations, and other critical infrastructure.
- DW requires Consultants/Subcontractors to submit their Statement of Qualifications (SOQ) for approval which ensures Consultants/Subcontractors will comply with DW’s security requirements to access Restricted projects.
- This process requires a Consultant/Subcontractor to agree to intermittent audits of its security program by DW personnel, as well as sign a Non-Disclosure Agreement (NDA) and personnel screening affidavit attesting to its intent to comply with certain security related items if awarded a project.
- The SOQ will be evaluated, and if a Consultant/Subcontractor is approved by DW, the Consultant/Subcontractor will be prequalified and placed on the SPCL for a period of four years, beginning on September 30, 2020.
- The prequalification process will remain open, and Consultants/Subcontractors may submit their SOQs at any time during the four-year period. If approved, they will be placed on the SPCL for the balance of the four-year period ending January 1, 2025.
- Intermittent audits will be completed by DW’s Security Personnel to ensure compliance with the security procedures/requirements. Failure to comply and/or unsatisfactory audit results may result in suspension from future work or other consequences at DW’s discretion.

DW will continue to add Consultants/Subcontractors to this list as they submit their qualifications and become approved. The DW SPCL is posted at:

1.2 REQUESTS FOR INFORMATION

This RFQ contains the instructions governing how qualifications are to be submitted, the material to be included therein, and the mandatory requirements which must be met to be approved for the SPCL.
Any requests for clarification or additional information regarding submission in response to this RFQ shall be submitted via email to amy.guire@denverwater.org.

1.3 SUBMISSION

Submittal Instructions:

1. Consultants/Subcontractors must submit one emailed electronic copy (.PDF) of the SOQ to amy.guire@denverwater.org. In the subject line, the title shall be: SPCL - (Firms Name) Security Prequalification Submission.
2. Submissions must be in the format noted in Section 3.1. Information must be legible and current. DW reserves the right to disqualify any response submitted incorrectly.
3. The submission must contain the signature of a duly authorized officer or agent of the Consultant's/Subcontractor’s company.
4. Submissions become the property of DW upon receipt. The content of submissions will be kept on file for future use if applicable.

Submissions may be withdrawn, or the Consultant/Subcontractor may request their company be removed from the SPCL at any time. This request must be submitted in email and specify the name of the authorized agent and contact information to verify the request.

SECTION 2: ADMINISTRATIVE REQUIREMENTS

2.1 OBJECTIVE

This RFQ enables DW to obtain necessary documents from Consultants/Subcontractors and ensure security procedures will be adhered to for DW Restricted projects. The RFQ is not a contractual offer or a commitment that if approved and listed on the SPCL, the Consultant/Subcontractor may be invited to perform work on upcoming projects.

2.2 NOTIFICATION

DW will review the submitted SOQs and if approved, update the SPCL within twelve business days of receipt of the SOQ. Individual letters will be emailed to each Consultant/Subcontractor that submitted an SOQ notifying them of approval status.

2.3 RIGHT TO REJECT SUBMISSIONS AND NEGOTIATION

DW reserves the right to reject any and all submissions, and to waive any informalities or defects in the submissions received, to accept or reject any or all of the items in the submission, if it is in DW’s best interest.

2.4 CONFIDENTIALITY

Consultants/Subcontractors acknowledge that DW may be required to disclose any or all of the documents submitted with a response, pursuant to the Colorado Open Records Act, C.R.S 24-72-200.1, et seq. Under C.R.S § 24-72-204(3)(a)(IV), DW may deny inspection of any confidential commercial information furnished to DW by an outside party. Therefore, the Consultant/Subcontractor must clearly designate any documents submitted with its response that the Consultant/Subcontractors deems proprietary or confidential, to aid DW in determining what should be disclosed in the event of a request for documents under the Colorado Open Records Act. RFQs submitted and terms and conditions specified in each Consultant’s/Subcontractor’s response shall remain the property of DW.
