Section 1 – Project Description

Denver Water (Owner) is soliciting proposals for design engineering services for the design phase of the Hazeltine Spillway Project. The Hazeltine embankment is at risk of overtopping damage and possible failure during a flood event from the adjacent South Platte River. The design phase will begin in Q4 2022 and construction will occur in 2023 and 2024. Design Phase services will include performing a geotechnical investigation, establishing design criteria, providing permitting support, preparing plans and specifications, providing opinion of probable construction cost estimates, and providing bidding support.

Section 2 – Background and History

Hazeltine Reservoir (Hazeltine) is located southwest of the intersection of Brighton Blvd and 104th Ave, in Adams County, Colorado. Hazeltine is the largest of the five reservoirs that make up the Denver Water’s North Complex. Hazeltine was lined with a soil-bentonite slurry wall on the west, north, and east sides that tied into the Howe-Haller B compacted clay liner on Hazeltine’s south side in 2004. The interior slopes were improved in 2012. The Hazeltine Reservoir floor is currently under construction to remove additional material from the bottom and perform final grading. A 220 cubic feet per second (cfs) pump station is planned for construction adjacent to Hazeltine from 2024 to 2027 that will operate all five reservoirs in the North Complex.

Hazeltine will store approximately 8,000 acre-feet (af) using a combination of gravity storage and pumped storage. The North Complex will be used to exchange treated reusable effluent for western slope water collection. The Complex collects diverted water from the Fulton Ditch and will make releases to the South Platte River. See Exhibit 1 for a Vicinity Map.

Flood events in 2013 and 2015 overtopped the banks of Howe-Haller A and Howe-Haller B, two reservoirs within the North Complex, located immediately south of Hazeltine. Denver Water hired Olsson and Associates (Olsson) in 2017 and 2022 to perform Hydraulic Analyses (Analyses) that modeled various flood event scenarios in Howe-Haller A, Howe-Haller B, and Hazeltine Reservoirs. The Analyses evaluated flood events up to an annual exceedance probability of 0.01 with various initial reservoir water surface levels. In general, the Analyses showed the Hazeltine embankment between Hazeltine and Howe Haller B would be initially overtopped, and then the north embankment of Hazeltine would subsequently be overtopped from the South Platte River.

Mitigating potential overtopping at Hazeltine is critical for the operations of the reservoir, future pump station, and the entire North Complex.

Section 3 – Project Objectives

The following specific project objectives have been identified:

- Design a spillway on the embankment separating Howe-Haller B from Hazeltine Reservoirs that routes and protects the embankment from a flood event up to an annual exceedance probability of 0.01.
- Design an embankment armoring system along the northern Hazeltine embankment that mitigates bi-directional overtopping erosion between the South Platte River and Hazeltine Reservoir from a flood event up to an annual exceedance probability of 0.01.

Section 4 – Consultant Scope of Services

The Design Consultant (Consultant) will perform the spillway and embankment armor design that protects the Hazeltine Reservoir embankments from a flood event up to an annual exceedance probability of 0.01. The design will be based on previous design reports and analyses, existing survey data, as-constructed drawings, and geotechnical investigations, and other information provided by Denver Water. The Consultant shall review the findings of the Hazeltine Hydraulics Analysis (Olsson 2022) and verify or
revise the findings to help inform the design. Additionally, the Consultant will perform the following general tasks in accordance with Denver Water’s Capital Project Procedures Manual (CPPM):

- Review data from previous geotechnical investigations and propose a geotechnical exploration program to supplement available information if required to perform this design.
- Review and verify or revise the results of the existing HEC-RAS model of the 100-year flood scenarios.
- Provide a Basis of Design Report that summarizes the spillway and slope armor design.
- Develop drawings, technical specifications, and opinion of probable construction cost at 30%, 60%, and 90% design, Final for Bid (FFB) and Final for Construction (FFC) milestones, and As-Built drawings.
- Satisfy all permitting requirements including environmental compliance permits, Federal Emergency Management Agency (FEMA) floodplain permits, federal, state, and local jurisdiction permits (e.g., US Army Corps of Engineers 404, State Engineer’s Office, Adams County, and Commerce City), and other permits identified during the design process.
- Coordinate with Denver Water’s Environmental Compliance and the State of Colorado regulatory agencies.
- Provide bidding and contractor selection support including review of proposals.

Section 5 – Consultant Qualifications

At a minimum, the Consultant team shall include personnel with the following qualifications:

1. The Consultant’s work shall be directed by a licensed Professional Engineer in the State of Colorado with experience in similar spillway or floodway design projects.
2. The Consultant team shall have an experienced hydraulics and hydrology Engineer with the ability to perform hydraulic modeling and analysis.
3. Permitting capabilities relevant to this project.
4. Experience developing plans and specifications for similar work.
5. Personnel that are familiar with the current construction market and can provide opinion of probable construction cost estimates meeting the requirements of the CPPM.

Consultant’s proposal shall include a project team organizational chart and provide the resumes of key team members.

Section 6 – Owner Responsibility

The Owner will provide to the Consultant available relevant information to aid in the design process. This includes but is not limited to:

- Previous studies and analyses.
- HEC-RAS Hydraulic Model
- Geotechnical information from previous work.
- Available survey information
- As-built detailed drawings.

The Owner will also provide:

- Review of reports, specifications, and drawings developed by the Consultant and provide comments within agreed upon schedules.
- Field survey support during design and geotechnical investigations.
- Payment for necessary permit application and review fees and permitting support where necessary.
- Public relations efforts, if needed.
Section 7 – Project Assumptions

The following assumptions were made in the development of this Scope of Work:

- This project will be developed, coordinated, and stored in the Owner’s ProjectWise datasource. Project-related deliverables will be distributed collaboratively through ProjectWise, and all working and final copies of documentation will be versioned and archived within ProjectWise. The Consultant must establish a valid user-based license agreement with Bentley Systems prior to receiving access into the Owner’s ProjectWise datasource. The Consultant should email denverwater@bentley.com to obtain the ProjectWise license(s). A brief overview, security access, and training will be provided on how to use and navigate the Owner’s ProjectWise datasource following Notice to Proceed (NTP).

- The Design Phase will proceed to 30% where major decisions and design criteria will be set. The 30% level will be a major design gate for the project and will meet the requirements of the CPPM at a minimum.

- The project execution shall follow the Owner’s CPPM located online: https://www.denverwater.org/contractors/construction-information/design-standards/capital-projects-procedures-manual

- AutoCAD drawings shall be in accordance with the Owner’s Design Drafting Standards and shall include, but not be limited to, the Standards located online in the CPPM.
  - Consultant shall submit drawing files a minimum of 3 days prior to Project Gate submittal dates.

- Consultant shall attend a meeting with the Owner’s Drafting and Administration groups to discuss the Owner’s Standards.

- Consultant shall attend a meeting with the Owner’s Administration personnel to discuss the Owner’s guidelines for specification preparations. The meeting shall be attended by document specialist in charge of producing the technical specifications. Consultant’s specifications shall be submitted in the latest CSI format and adhere to the Owner’s Engineering Specification and Formatting Guidelines. Project specifications shall be submitted in the latest CSI format and adhere to the Owner’s Engineering Specification and Formatting Guidelines.

- A gate is a term used to reference a formal document; it is also the process used to acknowledge project decisions. A gate is designed to acknowledge the approval of its related topic by project stakeholders. In addition, a gate is a means to document decisions made that are critical to the progress of the design beyond the current milestone/phase. Once a gate is closed, changes cannot be made to the design deliverable nor data transferred without approval from the Owner and the Consultant Project Managers.

- The site is free of any sensitive cultural resources that require environmental clearance or other required permitting at the local, state, or federal level.

- The Consultant shall provide the technical portions of the contract, including the specifications and exhibits. The Owner’s Administration personnel and DPM shall be responsible for the contractual portion of the project and shall incorporate the technical portions into the Owner’s contract after the 90% submittal.

- The Owner’s Administration personnel shall control the specifications after the 90% design milestone and shall be responsible for producing the Final for Bid specifications.

Section 8 – Existing Resources:

- Denver Water will make available restricted project background information (hydraulic analysis, as-built drawings, geotechnical information, survey information) necessary for proposal submittal upon receipt of a Non-Disclosure Agreement (NDA). The Proposer shall sign and provide the Proposer Non-Disclosure Terms and Conditions (Exhibit A) via e-mail to brad.piede@denverwater.org prior to release of any information.
Section 9 – Project Schedule

The Owner may elect to follow the proposals with a formal questionnaire and/or interview to assist with the proposal evaluation. Final selection of a Consultant will be based upon the selection criteria detailed in Section 11.

The anticipated Project Schedule is summarized as follows:

- October 3, 2022 Request for Proposals issued to Consultants
- October 12, 2022 Mandatory Pre-Proposal Meeting
- October 20, 2022 Final Written Questions Due
- November 10, 2022 Proposals Due
- Nov. 14, 2022 to Nov. 23, 2022 Consultant Interviews (if needed)
- December 14, 2022 Selected Consultant Recommendation to the Board
- December 30, 2022 Notice to Proceed Issued to Selected Consultant
- March 10, 2023 30% Design Completion
- March 24, 2023 30% Review
- April 21, 2023 60% Design Completion
- May 26, 2023 90% Design Completion
- June 23, 2023 Final For Bid Contract Documents
- October 23, 2023 Start Construction
- April 30, 2024 Construction Complete

Proposals shall include a detailed schedule with any deviations from the schedule clearly identified.

Any requests for clarification or additional information regarding the submission of this RFP shall be submitted in writing via e-mail to brad.piede@denverwater.org, or during the Pre-Proposal Meeting that will be held on October 12, 2022 at the North Complex Headquarters at 10815 Brighton Rd, Henderson, CO 80640. Written requests for interpretation, clarification, and/or additional information must be received no later than 4:00 pm, local time, October 20, 2022.
Section 10 – Scope of Services

Task 1 – Project Management and Administration

Subtask 1.1: General Project Management

Time for this task is allocated to the Consultant Project Manager to oversee and administer the project and may include the following activities.

- Kickoff meeting
- Project meetings
- CAD Standards meeting
- Owner’s administrative personnel specification preparation meeting
- Project gate review meetings (30%, 60%, and 90%)

Deliverables:

-Baseline Planned Value (PV) schedule to be used for Earned Value (EV) reporting

Subtask 1.2: Project Controls and Reporting

Prepare monthly invoices and submit to the Owner in an approved format. Invoices shall be broken down by task, Prime Consultant, and Subconsultants and include the following:

- Total contract amount
- Detailed charges for the current invoice period
- Total charges to date
- Previous billings
- Outstanding balance
- Current amount remaining
- Total amount due

The Consultant shall be responsible for the management of the Consultant and the Subconsultant Project Team’s overall project controls, actively coordinating with the Owner’s Project Manager to manage the following:

- Project costs
- Project schedule
- Document control

Monthly project status reports shall be prepared and submitted to the Owner, along with the monthly invoices. The reports shall include the following:

- A summary of services completed since the previous report
- The current project schedule and budget status
- Project issues and potential change logs
- Milestones and/or deliverables scheduled in the coming month

This task also includes periodic project review by the Consultant’s management to ensure the project meets the Owner’s critical success factors, is on schedule, and is within budget.

Deliverables:

- Monthly invoices
- Monthly project status reports
Task 2 – Geotechnical Investigation

Subtask 2.1: Field Exploration and Laboratory Testing

The geotechnical investigation will consist of the Consultant’s proposed geotechnical investigation, including any drilling, sampling, laboratory testing, abandonment procedures, and instrumentation installation.

**Deliverables:**
- Reports to be proposed by Consultant

Task 3 – Permitting

Task 3.1: Permitting

Develop a detailed Permitting Summary that will be incorporated into the Basis of Design Memorandum. The Permitting Summary will include the following:

- Identification of the federal, state, county and city regulatory requirements as well as the responsible party (e.g., Consultant or Construction Contractor) for obtaining the permits.
- Complete applications for applicable permits.
- Establish a tracking system to monitor the progress and status of each permit and associated fees.
- Establish a schedule for obtaining applicable permits including any lead times.

The information documented in the Permitting Summary will be integrated into the design and construction processes, as appropriate.

**Deliverables:**
- Permitting Summary

Task 4 – 30% Design

Subtask 4.1: 30% Design Tasks

The 30% Design Gate finalizes the scope for the project. Subtask 4.1 is the design effort necessary to determine the scope and involves all the design disciplines on the project. The design will be summarized in a Basis of Design Memorandum that covers all major design criteria, including regulatory standards, permits, materials, and design methodology. Subtask 4.1 will include a workshop meeting with Denver Water to gain consensus on the design.

**Deliverables:**
- Basis of Design Memorandum
- 30% Design Workshop
- Risk Register items that require mitigation.

Subtask 4.2: 30% Design Drawings

Prepare 30% Design Drawings per the following:

- Drawings shall be prepared in accordance with Denver Water Design Drafting Standards.
- Drawings shall utilize CPCS standard details.

**Deliverables:**
- 30% Design Drawings in electronic PDF format and electronic AutoCAD files.

Subtask 4.3: 30% Technical Specifications

Prepare 30% Technical Specifications applicable to the project per the following:

- Identify CPCS specifications sections that are applicable to the project.
- Prepare project specific Division 1 specifications.
• Identify new project specific technical specifications not covered by CPCS specifications. Note that any new project specific technical specification must be pre-approved by the Director of Engineering. Submit a written request to the Design Project Manager prior to preparing any non-CPCS specification

**Deliverables:**
- List of applicable CPCS specification sections
- List of proposed project specific specifications
- 30% level draft of project specific Division 1 specifications

**Subtask 4.4: 30% Opinion of Probable Construction Cost**

Develop project Opinion of Probable Construction Cost to incorporate the 30% design documents as outlined in the CPPM. The cost estimate should conform to an American Association of Cost Engineers (AACE) Class 3 cost estimate.

**Deliverables:**
- 30% design Opinion of Probable Construction Cost

**Task 5 – 60% Design**

60% Design shall adhere to requirements in the Denver Water CPPM. Provide written comment resolution response to all comments received on the 30% design submittal a minimum of 2 weeks prior to submitting the 60% design package.

**Subtask 5.1: 60% Design Tasks**

This subtask includes updating the Basis of Design Memorandum and Risk Register based on the 60% design.

**Deliverables:**
- Revised Basis of Design Memorandum
- Risk Register items that require mitigation.

**Subtask 5.2: 60% Design Drawings**

Prepare 60% Design Drawings per the following:
- Drawings shall be prepared in accordance with Denver Water Design Drafting Standards.
- Drawings shall utilize CPCS standard details.

**Deliverables:**
- 60% Design Drawings in electronic PDF format and electronic AutoCAD files
- Comment Resolution Responses to all comment received from the 30% design drawings

**Subtask 5.3: 60% Technical Specifications**

Prepare 60% Technical Specifications applicable to the project per the following:
- Modify CPCS specification sections per the Supplemental Technical Specification (STS) process as required.
- Revise project specific Division 1 specifications to the 60% level.
- Prepare project specific technical specifications to the 60% level.
- At the 60% design level, all technical specifications shall be included in the design package.
- The Denver Water Design Project Manager will prepare the front-end documents needed for the design package in coordination with consultant.

**Deliverables:**
- 60% specification package in electronic Word format
Subtask 5.4: 60% Opinion of Probable Construction Cost

Update project Opinion of Probable Construction Cost to incorporate the 60% design documents:

*Deliverables:*
- 60% design Opinion of Probable Construction Cost

Task 6 – 90% Design

90% Design shall adhere to requirements in the Denver Water CPPM. Provide written comment resolution response to all comments received on the 60% design submittal a minimum of 2 weeks prior to submitting the 90% design package.

Subtask 6.1: Final Design Report

Prepare Final Design Report which will document all calculations and design assumptions and include recommendations from Task 2. Final Design Report shall generally include:

- Design standards and codes to be used in each design discipline.
- Description of how extents of the spillway and slope armor were determined.
- Any other relevant information that will impact the design.

*Deliverables:*

The following deliverables shall be provided as part of Subtask 6.1:
- Final Design Report
- Updated Risk Register

Subtask 6.2: 90% Design Drawings

Prepare 90% Design Drawings per the following:

- Drawings shall be prepared in accordance with Denver Water Design Drafting Standards.
- Drawings shall utilize CPCS standard details.
- Prepare color QA/QC drawings in accordance with the CPPM.

*Deliverables:*

The following deliverables shall be provided as part of Subtask 6.2:
- 90% Design Drawings in electronic PDF format and electronic AutoCAD files
- 90% Colored QA/QC Drawings per Denver Water’s CPPM
- Comment Resolution Responses to all comment received from the 60% design drawings.

Subtask 6.3: 90% Technical Specifications

Prepare 90% Technical Specifications applicable to the project per the following:

- Revise the STS sections to the 90% level.
- Revise project specific Division 1 specifications to the 90% level.
- Prepare project specific technical specifications to the 90% level.
- The Denver Water Design Project Manager will prepare the front-end documents needed for the design package in coordination with consultant.

*Deliverables:*
- 90% specification package in electronic Word format.
Subtask 6.4: 90% Opinion of Probable Construction Cost

Update project Opinion of Probable Construction Cost to incorporate the 90% design documents. The 90% Opinion of Probable Cost shall be prepared by a professional construction cost estimator and include a detailed cost breakdown of labor, material, overhead, profit and related items. Consultant shall indicate in their proposal if this service will be provided using in-house resources or by an outside construction contractor included in their project team. A resume for the lead estimator responsible for this task shall be included in the proposal.

Deliverables:
- Update the 90% design Opinion of Probable Cost using contractor-level cost estimating.

Task 7 – Final for Bid (FFB)

FFB shall adhere to requirements in the Denver Water CPPM. Provide written comment resolution response to all comments received on the 90% design submittal a minimum of 2 weeks prior to submitting the FFB design package.

Subtask 7.1: FFB Design Drawings

Prepare FFB Design Drawings per the following:
- Drawings shall be prepared in accordance with Denver Water Design Drafting Standards.
- Drawings shall utilize CPCS standard details.

Deliverables:
- FFB Design Drawings in electronic PDF format and electronic AutoCAD files.

Subtask 7.2: FFB Technical Specifications

Prepare FFB Technical Specifications applicable to the project per the following:
- Revise the STS sections to the FFB design level.
- Revise project specific Division 1 specifications to the FFB level.
- Prepare project specific technical specifications to the FFB level.
- The Denver Water Design Project Manager will prepare the front-end documents needed for the design package in coordination with consultant.

Deliverables:

The following deliverables shall be provided as part of Subtask 7.2:
- FFB specification package in electronic Word format.

Subtask 7.3: FFB Opinion of Probable Cost

Update project Opinion of Probable Cost using contractor-level cost estimating to incorporate the final design documents.

Deliverables:

The following deliverables shall be provided as part of Subtask 7.3:
- FFB Opinion of Probable Construction Cost
Task 8 – Bid Support

Subtask 8.1: Bid Support
Add attend pre-bid meeting, support DW inpreparation of addenda, review contractor proposals, prepare conformed drawings to include any addenda (this will also likely be the plan set that the SEO stamps). Note: Denver Water will prepare conformed specifications.

Deliverables:
- Conformed Drawings in PDF format
- Conformed Specifications in Word formats
- One full-size hard copy of Drawings for signature
Section 11 – Proposal Requirements

The proposal shall outline the Consultant’s Scope of Services, which shall include, at a minimum, the criteria set forth within this RFP and the Consultant’s approach to administer and complete the project. A detailed project approach assists the Owner in understanding the Consultant’s comprehension of the project and the opportunities and constraints that a project of this complexity may contain. At a minimum, the Proposal shall include the following:

- A cover letter.
- The project approach, including any unique solutions and clearly identifying assumptions.
- Tailored 2-page resumes, including projects similar in nature and complexity to the Project, shall be provided for key personnel shown within the project organization chart. Key personnel proposed for the project shall remain available for the entirety of the project. A change of project personnel will only be permitted in extreme circumstances and may be subject to a monetary penalty.
- A manpower labor estimate (work breakdown structure) by labor type/hours for the following major project phases and tasks provided under Section 9 - Scope of Services. The final level of effort and overall cost will be negotiated with the Owner before contract execution. Include the corresponding hourly rates (an 11-inch by 17-inch format for the work breakdown structure is acceptable).
- A detailed schedule with any deviations from the schedule included herein clearly identified and tied to the project approach.
- A written statement regarding the Consultant’s eligibility to perform the work without a conflict of interest.
- Proposals shall be limited to 12 pages not including resumes or Cover Page (a double-sided page is counted as 2 pages).
- A MWBE goal of 3% has been set for this Work. More information on the Owner’s MWBE Program can be found online: [http://www.denverwater.org/](http://www.denverwater.org/).

Section 12 – Selection Criteria

The Owner will review the Proposals and make a selection based on best value while considering the following criteria:

<table>
<thead>
<tr>
<th>Criteria</th>
<th>Standard</th>
<th>Weighting Factor</th>
</tr>
</thead>
<tbody>
<tr>
<td>Project Personnel Qualifications</td>
<td>Do the assigned personnel have the skills and experience to provide a detailed and complete design? Do the personnel have firsthand experience in this type of work? Does the firm have the appropriate support capabilities to meet the demands of the project?</td>
<td>3</td>
</tr>
<tr>
<td>Proposed Approach, Project Plan, and Schedule</td>
<td>Does the proposal show an understanding of the project objectives and the results desired from the project? Does the firm offer alternatives within the proposal?</td>
<td>5</td>
</tr>
<tr>
<td>Cost and Work Hours</td>
<td>Do the work hours presented accurately reflect the level of effort required to complete the project?</td>
<td>2</td>
</tr>
</tbody>
</table>

The scale of the criteria is from 1 to 10; 1 is a poor rating, 5 is an average rating, and 10 is an outstanding rating. Criteria will be multiplied by the associated weight to give a weighted criteria score. The weighted criteria scores will be summed for a cumulative score. The maximum possible cumulative score is 100.
Section 13 – Proposal Submittal

Selection of a Consultant will be based on the selection criteria previously described. The Proposal shall address each component of the selection criteria.

Costs associated with Proposal preparation, pre-proposal meeting attendance, interview attendance, etc. shall be borne entirely by the proposing Consultant. Proposal information will become the property of the Owner.

- Proprietary Or Confidential Information:
  - Proposers acknowledge that Denver Water may be required to disclose any or all of the documents submitted with a Proposal, pursuant to the Colorado Open Records Act, C.R.S. § 24-72-201.1, et seq. Under C.R.S. § 24-72-204(3)(a)(IV), Denver Water may deny inspection of any confidential commercial or financial information furnished to Denver Water by an outside party. Therefore, a Proposer must clearly designate any documents submitted with its Proposal that the Proposer deems proprietary or confidential, to aid Denver Water in determining what must be disclosed in response to a request for documents under the Colorado Open Records Act.
  - The Proposer’s designation of material to be redacted must be reasonable or it will not be honored. For example, a Proposer may not designate the entire Proposal to be confidential and proprietary.

It is recommended that firms access and become familiar with a copy of the most recent version of the Owner’s CPCS and CPPM at no cost to the Owner. Consultants shall be responsible for meeting the requirements of DW’s CPPM.

The Consultant’s proposal shall be submitted electronically by 10:00 a.m. MST on Thursday, November 10, 2022. The Consultants shall upload a PDF version of their proposal to the Dropbox folder at https://www.dropbox.com/request/ZeyzQtQXBi8vGtRikjI In addition, a PDF version of the Consultant’s proposal with intellectual or proprietary property redacted shall be uploaded to the same Dropbox location.

A sample of the Owner’s standard Agreement form that the selected Consultant is expected to enter is included in Attachment B for informational purposes.

Section 14 – Terms for this Proposal

Addenda
- In the event it becomes necessary to revise, change, clarify, provide additional information about, and/or cancel this RFP, Denver Water will issue a written addendum. It is the sole responsibility of the Proposer to acknowledge all addenda in its Proposal.

Withdrawal or Modification of Proposals
- Proposals may be withdrawn or modified by Proposers prior to the Proposal due date, but only upon written request. After the Proposal due date, Denver Water will not return Proposals or other information supplied to Denver Water. After the proposal due date, if Denver Water identifies a defect in the proposal that could otherwise be cured, Denver Water may request the proposer to supplement their proposal to make needed corrections identified by Denver Water.

Right to Negotiate
- Denver Water may select one or more Proposals and may negotiate any and all elements of a Proposal, if deemed to be in the best interest of Denver Water.
Exhibits
Exhibit A – Non-Disclosure Agreement
Exhibit B – Sample Consultant Agreement
Exhibit C – Conceptual Spillway Plan
EXHIBIT A
Proposer Non-Disclosure Agreement
NON-DISCLOSURE AGREEMENT

This is an Agreement between Bidder, identified below, and the City and County of Denver, acting by and through its Board of Water Commissioners (“Board”).

1. The Board is the owner of certain confidential and/or security-sensitive information relating to its water system and components thereof (“Confidential Information”), which the Board represents is not subject to public inspection under C.R.S. § 24-72-201 et. seq., and which the Board has taken and continues to take steps to protect as confidential and restricted.

2. The parties recognize that it may be necessary for the Board to provide information, including but not limited to Confidential Information, to Bidder Hazeltine Spillway Project (“Contract”) and potentially for Bidder to perform the work required by the Contract. Bidder acknowledges that it may receive Confidential Information from a contractor working on behalf of the Board and that this Agreement also will apply to such Confidential Information.

3. The Confidential Information includes any reports, spreadsheets, or tools created for the Hazeltine Spillway Project that the Board provides to Bidder before or during the term of the Contract, as well as any of the above items developed by Bidder for the Board during the term of the Contract. Any other information provided by either party shall be labeled as or identified as confidential in order to be protected under this Agreement.

4. The Board, in its sole discretion, may provide to Bidder the Confidential Information in the form of the Board’s choosing.

5. If the Board provides or Bidder requests the Confidential Information in a format requiring particular software, it is understood that Bidder will secure at its sole cost any and all necessary software licenses, authorizations or other intellectual property rights for the transfer and use of the Confidential Information.

6. As part of this Agreement, the Board may permit Bidder to visit one or more Board facilities according to a schedule to be determined by the Board. Bidder is prohibited from taking any pictures or video or making any electronic recordings of any kind during its visit(s) to the Board’s facilities without the prior approval of the Board’s site or area supervisor. Bidder acknowledges that it may learn information about and receive documentation about the Board’s facilities during the visit(s), and Bidder agrees that such information and documentation will be considered Confidential Information under this Agreement.
7. Bidder shall hold and use the Confidential Information only for the purposes of preparing a bid or proposal for the Contract, if Bidder so chooses, and for performing the work required by the Contract if selected as the successful bidder. Bidder shall limit disclosure of the Confidential Information to only its employees and subcontractors who have a need to know the Confidential Information. Bidder will not use or derive any direct or indirect benefit from any information provided by the Board, or from any part thereof, without the prior written consent of the Board; this prohibition will survive the termination of this Agreement. Bidder shall take reasonable steps to ensure that anyone to whom it provides the Confidential Information complies with the terms of this Agreement.

8. Bidder shall not be liable to the Board for disclosure of any information, including but not limited to Confidential Information, if the information:
   a. Was in the public domain at the time it was disclosed, or
   b. Becomes part of the public domain without breach of this Agreement, or
   c. Is obtained by Bidder from a third party that is lawfully in possession of such information and is not in violation of any contractual or legal obligation to the Board or other third party with respect to such information, or
   d. Is disclosed with the prior written approval of the Board, or
   e. Was independently developed by Bidder, or
   f. Is disclosed pursuant to the provisions of a court order or subpoena, provided that the Board has had an opportunity to object or intervene in the matter.

9. The provisions of this Agreement shall supersede the provisions of any inconsistent language that may be affixed to any information provided by the Board, and the inconsistent provisions of any such language shall be without any force or effect during the term of this Agreement.

10. Confidential Information and any other information or materials provided by the Board to Bidder shall be returned to the Board, or to the Board’s contractor that supplied the information, (1) at such time as it is no longer required for the purposes described in this Agreement or (2) upon request of the Board at any time. Additionally, upon request Bidder will provide an affidavit of destruction of any copies or extracts of the Confidential Information in whole or in part, or of other material or formats that contain the Confidential Information.

11. If Bidder loses or makes unauthorized disclosure of any of the Board’s information protected by this Agreement, it shall notify the Board immediately and take all steps reasonable and necessary to retrieve the lost or improperly disclosed information.

12. The standard of care for protecting Board information provided to Bidder will be at least that degree of care Bidder uses to prevent disclosure, publication or dissemination of its own proprietary information, provided that degree of care is at least reasonable.

13. Bidder shall not be liable to the Board for the inadvertent or accidental disclosure of any of the Board’s information protected by this Agreement if such disclosure occurs despite the exercise of at least the same degree of care as Bidder normally takes to protect its own proprietary information, provided that degree of care is at least reasonable.
14. If Bidder receives a request by a third party, under the Colorado Open Records Act (C.R.S. § 24-72-201 et. seq.) or otherwise, to provide any information it has received pursuant to this Agreement, it shall treat all such information as confidential or otherwise protected from disclosure, unless it is permitted to be disclosed under this Agreement. In the event of such a request, Bidder shall notify the Board in writing as soon as reasonably possible.

15. In providing any information under this Agreement, the Board makes no warranty or representations, either express or implied, as to the information's adequacy, sufficiency, or freedom from defect of any kind, including freedom from any patent infringement that may result from the use of such information, nor shall the Board incur any liability or obligation whatsoever by reason of providing such information.

16. This Agreement contains the entire agreement relative to the protection of information to be provided by the Board for the purposes described in this Agreement and supersedes all inconsistent prior or contemporaneous oral or written understandings and agreements regarding this issue. This Agreement shall not be modified or amended, except by an amendment executed by the Board and Bidder.

17. Nothing contained in this Agreement, by express grant, implication, estoppel or otherwise, shall create in Bidder any ownership, right, title, interest, or license in or to the documents, information, inventions, patents, technical data, computer software, or software documentation of the Board.

18. Notwithstanding that the Board may provide information for the purposes described in this Agreement, the Board does not waive any claim that the information it provides is privileged, proprietary, and/or confidential.

19. Nothing contained in this Agreement shall grant to Bidder the right to make commitments of any kind for or on behalf of the Board without the prior written consent of the Board.

20. Nothing contained in this Agreement shall be construed as restricting the Board’s right to restrain use or dissemination of the Board’s information in accordance with applicable federal, state, or local law or regulation, or at common law.

21. Nothing contained in this Agreement shall require Bidder to submit a bid or proposal to the Board for the Contract.

22. In the event the Board selects Bidder for the Contract, this Agreement shall remain in effect for the term of the Contract at a minimum and, additionally, for as long as the Bidder is in possession of the Board's information that is protected by this Agreement. In the event the Board does not select Bidder for the Contract, this Agreement shall remain in effect for as long as the Bidder is in possession of the Board’s information that is protected by this Agreement.

23. This Agreement shall be governed and construed in accordance with the laws of the State of Colorado with venue for any legal action in the District Court for the City and County of Denver.
To be completed by Bidder:

Name of Bidder: __________________________________________
(Print name legibly)

By execution below, signer certifies that s/he is authorized to accept and bind Bidder to the terms of this Agreement.

By: ____________________________________  Date: _____________________

Title: ___________________________________
EXHIBIT B
Sample Consultant Agreement
AGREEMENT

THIS AGREEMENT ("Agreement") is made and entered into between the CITY AND COUNTY OF DENVER, acting by and through its BOARD OF WATER COMMISSIONERS ("Board"), a municipal corporation of the State of Colorado whose address is 1600 W. 12th Avenue, Denver, Colorado 80204, and Consultant Name ("Consultant"), whose address is Consultant Address. The Board and the Consultant agree as follows:

1. **Scope of Work.** The Consultant agrees to provide work to the Board in accordance with Exhibit A, attached and incorporated (the "Work"). The Work specifically includes any and all deliverables provided to the Board under this Agreement. Generally, the Consultant will provide this description of work.

2. **Notice to Proceed.** The Board will issue a Notice to Proceed with the required Work after the effective date of this Agreement and after the Board has received satisfactory certificates of insurance as required in this Agreement, whichever is later.

3. **Time of Commencement and Completion of Work.** The Board shall not dictate times of performance of the Work, except that the Consultant shall commence the Work as soon as necessary after receipt of a Notice to Proceed, if required by this Agreement, or else after the effective date of this Agreement. The Consultant shall complete the Work no later than this date. The Consultant and the Board must agree upon any extensions of the completion date in a written amendment.

4. **Consultant Responsibility.** The Consultant shall be responsible for the professional quality, technical accuracy, timely completion, and coordination of all studies, reports and other Work performed under this Agreement. The Consultant is responsible for providing the materials, equipment, training and tools necessary for performance of the Work. The Consultant represents that all Work performed under this Agreement shall be performed with the usual thoroughness and competence and in accordance with the standards of care of the Consultant's profession prevailing in Colorado. Without additional compensation, and without limiting the Board’s remedies, the Consultant shall promptly remedy and correct any errors, omissions or other deficiencies in the Work not meeting that standard of care, including any breaches of the representations in this Agreement.

5. **Confidentiality of Information.** The Non-Disclosure Terms and Conditions attached as Exhibit B are incorporated into this Agreement. The Consultant shall retain in strictest confidence all information furnished by the Board and the results of any reports or studies conducted as a result of this Agreement, along with all supporting work papers and any other substantiating documents. The
Consultant shall not disclose such information to others without the prior written consent of the Board, except as required by law.

6. **Ownership of Work Product.**

   a. All printed material, original works of authorship, electronic documents and intellectual property produced, invented, reduced to practice, or created as a result of Work performed under this Agreement (the “Creations”) (with the exception of any intellectual property rights contained therein, owned or created by the Consultant prior to the effective date of this Agreement (“Prior Works”)) shall be the sole property of the Board and may not be used, sold, licensed or disposed of in any manner without prior written approval of the Board. To the maximum extent permitted by applicable law, all Creations shall be deemed works made for hire under the United States copyright laws, and all right, title, and interest in and to such work product shall vest automatically in the Board. Consultant hereby assigns and irrevocably agrees to assign in the future (when any such Creations are first reduced to practice or first fixed in a tangible medium, as applicable) to the Board all right, title and interest in and to any and all such Creations, including, without limitation, all related intellectual property rights (as to copyright, to the extent such Creations are held not to be works made for hire under applicable law). All such Creations shall be turned over to the Board upon completion of the Work. For custom-developed software, the Board shall be provided a copy of the source code.

   b. Consultant agrees not to use, and hereby represents that Consultant has not used, in the course of the performance of the Work any Prior Works, unless such Prior Works are first disclosed in writing to the Board, and the Board consents in writing to the use of the Prior Works, and Consultant grants a nonexclusive, royalty-free, irrevocable, perpetual, worldwide license (with rights to sublicense through multiple tiers of sublicensees) to make, have made, modify, create derivative works of, copy, publicly display, use, sell and distribute such Prior Works as incorporated in the Work. Consultant further agrees that it shall not use or incorporate any third party works, third party inventions or open source software in the Work without prior disclosure to the Board, without provision of a valid license providing the Board with all rights necessary to use such as used or incorporated in the Work, and without approval from the Board.

   c. Consultant represents that all studies, reports and other Work performed under this Agreement are original or a license to the same has been obtained for the Board as required in this section, will perform for the purpose intended, contain no infringing intellectual property, and contain no material defects, and, if software, contain no malware or undisclosed means of access. The Consultant may retain one copy of all documents
prepared under this Agreement. Any reuse of the Consultant's work product for any use other than as contemplated by this Agreement shall be at the Board's sole risk.

7. **Compensation and Invoicing.** The Board shall compensate the Consultant for Work performed under this Agreement as described in this paragraph. The compensation for the Consultant provided by this Agreement is entire and complete. The Consultant has not received and will not receive any other compensation in connection with this Agreement. The Consultant warrants that it has not paid or promised to pay any compensation to anyone (except Board-approved subcontractors and the Consultant's officers and employees) in order to obtain this Agreement.

   a. The Consultant will be paid an hourly rate that includes labor, payroll, all overhead expenses, and profit. Overhead expenses include charges for clerical, administrative, accounting, legal, and computer personnel and may not be billed separately. The hours billed by the Consultant shall not exceed hours actually worked on the Work, as shown in the Consultant's timekeeping records, and shall be limited to the hours actually paid to the employee for the Work. The following chart identifies the particular persons or classes of persons who will perform Work under this Agreement and the hourly rate for each. The Consultant shall not bill the Board for persons or classes of persons not listed below or at hourly rates different from those specified below.

   Description of hourly rates

   b. The Consultant shall provide invoices each month for Work accomplished through the last day of the preceding month. The Consultant's invoices shall include a description of the Work performed by and the hours worked by each person for the billing period. The Consultant must submit documentation supporting the charges in the invoice, which must be consistent with this Agreement, and must include the contract number of this Agreement on each invoice.

   a. The total compensation under this Agreement shall not exceed $0.00. There are no reimbursable costs associated with this Agreement.

8. **Payment.** Payments shall be based upon the Consultant's verified progress in completing the Work. Unless the Consultant has not properly performed the Work, invoices will be paid within thirty (30) days of receipt. The Board has the right to refuse to pay all or a portion of an invoice that is inconsistent with this Agreement; all undisputed portions of the invoice shall be paid. The Board may delay payment until it can verify the accuracy of the invoice, obtain releases or waivers with respect to Work covered in the invoice (and with respect to Colo.
Rev. Stat. Article 26 of Title 38 if applicable), or resolve a dispute with the Consultant regarding an invoice. **The Board will not issue payments unless the Consultant has current insurance coverage in accordance with this Agreement.** Checks shall be made payable to the trade or business of the Consultant.

9. **Records and Audits.** The Consultant shall at all times maintain a system of accounting records in accordance with its normal procedures, together with supporting documentation for all Work, purchases, and billings under this Agreement. The Consultant shall retain all such accounting records and documentation for at least two (2) years after final payment. The Board has the right to audit the accounting records and documentation of Consultant related to the Work at any time during the period of this Agreement and for two (2) years after final payment. The Consultant shall refund to the Board any charges determined by the Board’s audit to be inconsistent with this Agreement.

10. **Changes in Work.** The Board has the right to order additions, deletions, or changes in the Work at any time, so long as such changes are within the general scope of Work covered by this Agreement. Requests for material changes in the Work may be made by the Board orally or in writing; however, oral requests shall be confirmed by a written request within ten (10) business days after the oral request. If the Board directs the Consultant to proceed with a material change, the Consultant shall be paid for the change as agreed to by the parties.

11. **Independent Contractor.**
   
a. The Consultant is customarily engaged in an independent trade, occupation, profession or business related to the Work, and nothing in this Agreement requires the Consultant to work exclusively for the Board during the term of the Agreement.

b. Nothing in this Agreement shall be construed to establish the Consultant as an agent or employee of the Board for any purpose. The Consultant and its employees, agents, and subcontractors shall in no way represent themselves to third parties as agents or employees of the Board in performance of the Work.

c. The Board shall not oversee the Work of the Consultant or instruct the Consultant on how or when to perform the Work, except that the Board and the Consultant have agreed to a completion date for the Work. The Consultant shall in all respects be an independent contractor of the Board in its performance of the Work.

d. **The Consultant acknowledges that it is not entitled to unemployment insurance or workers’ compensation benefits as a result of performance of the Work for the Board.**
e. The Consultant acknowledges that it is obligated and solely liable to pay federal and state income tax on any moneys earned pursuant to this Agreement, which may include federal and state income and withholding taxes, unemployment taxes, FICA taxes and workers’ compensation payments and premiums applicable to this Agreement or the Work. The Consultant shall indemnify the Board for any liability resulting from nonpayment of the Consultant’s obligations under this paragraph.

12. **Insurance.**

PLEASE READ THIS CAREFULLY. THE CONSULTANT WILL NOT BE PAID UNLESS THE FOLLOWING INSURANCE REQUIREMENTS ARE MET.

The Consultant shall maintain the following insurance in full force and effect during the full term of this Agreement. The Consultant shall provide to the Board certificates of insurance (and renewals thereof) demonstrating that the following insurance requirements have been met.

a. **Commercial General Liability Insurance:**
Commercial general liability insurance with limits not less than $1,000,000 per occurrence and $2,000,000 general aggregate for bodily injury and property damage. Such insurance shall include the City and County of Denver, acting by and through its Board of Water Commissioners, as additional insured and shall be primary and non-contributing with respect to any insurance or self-insurance program of the Board.

b. **Automobile Liability Insurance:**
Consultant shall maintain automobile liability insurance as required by Colorado law. The Board does not require a certificate of insurance unless this subparagraph (b) requires insurance that exceeds the statutory requirements.

c. **Professional Liability Insurance:**
Professional liability insurance with limits not less than $1,000,000 per claim covering all licensed professionals performing Work under this Agreement.

d. **Workers’ Compensation Insurance:**
The Consultant is located in Colorado and maintains workers’ compensation insurance, as required under the laws of the State of Colorado. Other Requirements:
1) The Consultant’s insurers shall maintain an A.M. Best rating of A-, VII or better.
2) All self-insured retentions or deductibles must be declared and acceptable to the Board.
3) Thirty (30) days’ advance written notice of cancellation shall be provided to the Board, except for ten (10) days’ advance written notice in the event of cancellation due to non-payment of premium.

e. The Consultant shall provide copies of insurance policies upon request of the Board and in redacted form if necessary to protect confidential information.

f. The Board reserves discretion to accept alternative types of insurance.

13. Compliance with Laws. In performing this Agreement, the Consultant shall comply with all applicable laws, rules, and regulations, including, but not limited to, the Colorado Workers’ Compensation Act, federal and state tax laws, and any applicable minimum wage requirements including Denver R.M.C. sec. 58-16, et. seq. The Consultant certifies that it has complied, and during the term of this Agreement will continue to comply, with the Immigration Reform and Control Act of 1986.

14. Safety and Security. The Consultant must comply with applicable safety and occupational health standards, specifications, reporting, and any other relevant requirements. The Consultant also must check in with the Board’s Security personnel at each location, where applicable; display appropriate identification at all times while on the Board’s premises; and notify the Board’s Security personnel in writing in advance of any anticipated third-party deliveries with the name of the delivery person and the approximate time of arrival.

15. Personnel Screening. N/A

16. Liability. The Consultant agrees to indemnify, hold harmless and defend the Board against any liability, damages, costs, expenses, claims, injuries and losses of whatever nature arising in any way out of this Agreement, including but not limited to any expenses incurred by the Board as a result of damages to the Board’s property and any claims that the Creations, Prior Works or the Work infringe the intellectual property rights of a third party, to the extent caused by any negligent act or omission or willful misconduct of the Consultant or the Consultant’s officers, subcontractors, agents, or employees.

17. Standards of Conduct – Nondiscrimination and Respectful Workplace. The Consultant agrees not to discriminate against any Board employee, or potential subcontractor or supplier because of race, color, religion, age, national origin, gender, sexual orientation, pregnancy, military status, marital status, or disability. The Consultant further agrees not to conduct business in a manner that brings discredit to the Board or creates a hostile or disrespectful work environment for
Board employees, Board customers, or other contractors performing work for the Board. The Board reserves the right at its sole discretion to terminate this Agreement if the Consultant is an individual, or to direct the Consultant to assign another employee or agent to perform the Work, if the Board has reason to believe that during the term of the Agreement the Consultant, or the assigned employee or agent engaged in activity prohibited by this section.

18. **Small Business Enterprises; Minority- and Women-Owned Business Enterprises.** The Board recognizes the desirability, need and importance to the City and County of Denver of encouraging the development of Small Business Enterprises (“SBEs”) and Minority- and Women-Owned Business Enterprises (“MWBEs”). The Consultant agrees to make a good faith effort to involve SBEs and MWBEs in the Work if and when the opportunity arises.

19. **Environmental Compliance.** Denver Water strives to adhere to all applicable environmental laws, regulations, and policies. In addition, it utilizes an Environmental Management System to monitor and improve its environmental performance. In the performance of the work, Consultant must comply with all applicable environmental laws, regulations, ordinances, specifications, reporting requirements, and any other relevant requirements.

20. **Acceptance Not Waiver.** The Board’s approval of studies, drawings, designs, plans, specifications, reports, computer programs and other work or materials does not in any way relieve the Consultant of responsibility for the technical accuracy of the Work. The Board’s approval or acceptance of, or payment for, any Work is not a waiver of any rights under this Agreement or of any cause of action arising out of the performance of this Agreement.

21. **Termination or Suspension.** The Board reserves the exclusive right to terminate or suspend all or any portion of the Work by giving fourteen (14) days’ written notice to the Consultant. If any portion of the project shall be terminated or suspended, the Board shall pay the Consultant equitably for all Work properly performed pursuant to this Agreement. If the project is suspended and the Consultant is not given an order to resume work within sixty (60) days from the effective date of the suspension, this Agreement will be considered terminated. Upon termination, the Consultant shall immediately deliver to the Board any documents then in existence that have been prepared by the Consultant pursuant to this Agreement and that have been paid for by the Board.

22. **Default.** Every term and condition of this Agreement is a material element of this Agreement. In the event either party should fail or refuse to perform according to the material terms of this Agreement, such party may be declared in default by the other party by a written notice.

23. **Remedies.** In the event a party has been declared in default, such defaulting party shall be allowed a period of fifteen (15) days within which to correct, or
commence correcting, the default. In the event that the default has not been corrected or begun to be corrected, or the defaulting party has ceased to pursue the correction with due diligence, the party declaring default may elect to (a) terminate the Agreement and seek damages; (b) treat the Agreement as continuing and require specific performance; or (c) avail itself of any other remedy at law or equity. In the event the Consultant fails or neglects to perform the Work in accordance with this Agreement, the Board may elect to correct such deficiencies and charge the Consultant for the full cost of the corrections. The parties agree that no profits that the Consultant might realize from this or other work are within the scope of their agreement. They further agree that the Consultant waives any right to recover and shall not be compensated for any such lost profits or other consequential damages arising from a breach by the Board.

24. **Force Majeure.** The parties shall not be responsible for any failure or delay in the performance of any obligations under this Agreement solely caused by the following events: natural disaster, flood, fire, war, or public enemy. Events not listed in the preceding sentence, including, but not limited to, epidemics such as the current COVID-19 pandemic, economic conditions, and labor strikes, shall not be considered force majeure events. As a condition precedent to invoking this force majeure clause, the invoking party must provide timely written notice detailing the reasons why the force majeure event has made performance under the original contract terms impossible, and the invoking party must immediately take all reasonable measures to mitigate or avoid damages to the other party.

25. **Assignment and Subcontracts.** The Consultant may not assign this Agreement or any right or liability of this Agreement or enter into any subcontract or amend any subcontract related to this Agreement without prior written consent of the Board. Any subcontract must include language similar to the Records and Audits paragraph of this Agreement, requiring records to be adequate and available for Board audit. This Agreement shall bind and inure to the benefit of the parties and their respective successors and assigns. This Agreement is intended to benefit only the parties, and neither subcontractors nor suppliers of the Consultant nor any other person or entity is intended by the parties to be a third-party beneficiary of this Agreement.

26. **Severability.** If any provision of this Agreement is determined by a court having jurisdiction to be unenforceable to any extent, the rest of that provision and the rest of this Agreement will remain enforceable to the fullest extent permitted by law.

27. **Venue and Governing Law.** This Agreement shall be deemed performable in the City and County of Denver, notwithstanding that the parties may find it necessary to take some action outside the City and County. The sole venue for any dispute resulting in litigation shall be in the District Court in and for the City and County of
Denver. This Agreement shall be governed by and construed under the laws of the State of Colorado.

28. **Notice and Contact.** The parties shall contact the persons listed below for all matters related to administration of this Agreement. All notices required or given under this Agreement shall be in writing and shall be deemed effective: (a) when delivered personally to the other party; or (b) seven (7) days after posting in the United States mail, first-class postage prepaid, properly addressed as follows; or (c) when sent by e-mail. If notice is provided by e-mail, the notifying party must follow up with a hard copy of the notice sent by United States mail; however, the notice will be effective as of the original e-mail date.

If to the Consultant:

or such other persons or addresses as the parties may have designated in writing.

29. **Charter of the City and County of Denver.** This Agreement is made under and conformable to Article X of the Charter of the City and County of Denver, which controls the operation of the Denver Municipal Water System. The Charter provisions are incorporated by this reference and supersede any apparently conflicting provisions otherwise contained in this Agreement.

30. **Governmental Immunity Act.** The parties understand and agree that the Board is relying upon, and has not waived, the monetary limitations and all other rights, immunities and protections provided by the Colorado Governmental Immunity Act, C.R.S. § 24-10-101, et seq., as it may be amended from time to time.

31. **Entire Agreement.** This Agreement constitutes the entire agreement between the Board and the Consultant and replaces all prior written or oral agreements and understandings with regard to the subject matter herein. It may be altered, amended, or repealed only by a duly executed written instrument. The terms of this Agreement shall control in the event of any conflict between the terms of the Agreement and any documents or exhibits attached or incorporated into the Agreement.
32. **Effective Date.** This Agreement shall become effective on the date it is fully signed by the Board.

33. **Electronic Signatures and Records.** The Consultant consents to the use of electronic signatures by the Board. The Agreement, and any other documents requiring a signature hereunder, may be signed electronically in the manner specified by the Board. The Parties agree not to deny the legal effect or enforceability of the Agreement solely because it is in electronic form or because an electronic record was used in its formation. The Parties agree not to object to the admissibility of the Agreement in the form of an electronic record, or a paper copy of an electronic document, or a paper copy of a document bearing an electronic signature, on the ground that it is an electronic record or electronic signature or that it is not in its original form or is not an original.

THEREFORE, the parties have executed this Agreement. This Agreement must have the signature of an authorized representative of the Consultant.

THIS AGREEMENT IS ACCEPTED BY:

CONSULTANT: Consultant Name
By execution, signer certifies s/he is authorized to bind the Consultant to the terms of this Agreement.

By: ___________________________ DATE: ___________________________

TITLE: ___________________________ [for other than individual]

For Board records only, Consultant shall check the applicable box(es) below:

☐ Consultant is a Small Business per federal SBA guidelines
☐ Consultant is not a Small Business per federal SBA guidelines
☐ Consultant is a Minority-owned Business Enterprise (MBE) and/or Women-owned Business Enterprise (WBE) per ___________________________ (name of certifying entity)
☐ Consultant is not an MBE or WBE
☐ Consultant elects not to answer this question

If Consultant is an MBE and/or WBE, Consultant must submit evidence of certification from an agency such as the City and County of Denver or the Mountain Plains Minority Supplier Development Council.
EXHIBIT A
SCOPE OF WORK

The Consultant shall perform the following tasks:

Description of scope of work.
Form W-9

Request for Taxpayer Identification Number and Certification

Give Form to the requester. Do not send to the IRS.

1. Name (as shown on your income tax return). Name is required on this line; do not leave this line blank.

2. Business name/disregarded entity name, if different from above

3. Check appropriate box for federal tax classification; check only one of the following seven boxes:
   - Individual/sole proprietor or
   - C Corporation
   - S Corporation
   - Partnership
   - Trust/estate
   - Limited liability company. Enter the tax classification (C, S, or P) in the space above.
   - Other (see instructions)

4. Exemptions (codes apply only to certain entities, not individuals; see instructions on page 4)
   - Exempt payee code (if any)
   - Exemption from FATCA reporting code (if any)

5. Address (number, street, and apt. or suite no.)

6. City, state, and ZIP code

7. List account number(s) here (optional)

Part I

Tin Provider Identification Number (TIN)

Enter your TIN in the appropriate box. The TIN provided must match the name given on line 1 to avoid backup withholding. For Individuals, this is generally your Social Security Number (SSN). However, for a resident alien, sole proprietor, or disregarded entity, see the Part I instructions on page 2. For other entities, it is your Employer Identification Number (EIN). If you do not have a number, see How to get a TIN on page 3.

Note. If the account is in more than one name, see the instructions for line 1 and the chart on page 4 for guidelines on whose number to enter.

Part II

Certification

Under penalties of perjury, I certify that:
1. The number shown on this form is my correct taxpayer identification number (or I am waiting for a number to be issued to me); and
2. I am not subject to backup withholding because: (a) I am exempt from backup withholding, or (b) I have not been notified by the Internal Revenue Service (IRS) that I am subject to backup withholding as a result of a failure to report all interest or dividends on your tax return. For real estate transactions, item 2 does not apply. For mortgage interest paid, acquisition or abandonment of secured property, cancellation of debt, contributions to an individual retirement arrangement (IRA), and generally, payments other than interest and dividends, you are not required to sign the certification, but you must provide your correct TIN. See the instructions on page 3.

Date

General Instructions

Section references are to the Internal Revenue Code unless otherwise noted.

Future developments. Information about developments affecting Form W-9 (such as legislation enacted after we release it) is at www.irs.gov/w9.

Purpose of Form

An individual or entity (Form W-9 requester) who is required to file an information return with the IRS must obtain your correct taxpayer identification number (TIN) which may be your social security number (SSN), individual taxpayer identification number (ITIN), adoption taxpayer identification number (ATIN), or employer identification number (EIN), to report on an information return the amount paid to you, or other amount reportable on an information return. Examples of information returns include, but are not limited to, the following:

- Form 1099-INT (interest earned or paid)
- Form 1099-DIV (dividends, including those from stocks or mutual funds)
- Form 1099-MISC (various types of income, prizes, awards, or gross proceeds)
- Form 1099-B (stock or mutual fund sales and certain other transactions by brokers)
- Form 1099-S (proceeds from real estate transactions)
- Form 1099-K (merchant card and third party network transactions)
